UNITED STATES DISTRICT COURT  
DISTRICT OF NEVADA

Wayne Pouch  
✓ Plaintiff

J. Dzundza et al  
Defendants

Exparte Communications

Judge Boulware II

Counsel told me you want information on  
this Business # being blocked by Prison 702-793-4023  
as of 11-8-2021 IT is still blocked. I also sent the  
quittance about the block with response by NDOC  
prison

I would also like to make you aware since  
we started Wellbutrin and Serenol NDOC  
medical as well as P.A. psyc ms Hall has interrupted  
(kaps) the medication 5 times since March 2021  
1 time was told meds were stopped expired script  
7-10 days. when in fact IT had to be pointed out  
there were 2 Refills. from Sept 21 2021 to Oct 14 2021  
stopped Serenol for the reason again said was  
expired script - when in fact no nurse went to  
Pharmacy Computer till nurse T. accessed Pharmacy Computer  
Till Nov 11 2021 - Nurse T told me what happened. one  
time ms Hall psyc said - "ow I thought it was a  
recommendation - and now on 11-1-2021 discontinued  
Wellbutrin saying no Refills - but on 11-4-2021  
I was told I need to be Patient - With Respect to  
this Court every Allegation I have made was proven. Even

Your Honor said I was creditable - I have in hand that I don't want to possibly lose in the mail a response by P.A. Hall the person who rewrites Dr. Sussman's prescriptions my question in the med kite.

"I've sent 3 kites to insure the psych med will be refilled in time... I did not help 11/2/2021 nurse said no more last month it took 21 days to refill seroquel - a nurse finally went into the computer on 10-11-2021 to refill - not our nurse went into the computer to renew - nurse Lena you are responsible for my psych care - Refill wellbutrin."

MS Hall's Response 11/4/2021

Dr. Sussman is responsible for your psych care. Please be patient with the process of securing the meds you request from an outside provider. This is an unusual situation and there are steps that need to be taken - your meds have been refilled" I have this in my hand - Every time the meds laps it because PA Hall who only comes to HDSP Thursdays forgets to rewrite Dr. Sussman's prescription - WDC even refuses to do their part of count ordered care - when I try to get HDSP medical to contact Dr. Sussman when a problem arises they say have him call Greene or I can only go to chain of command.

Judge Boulware The starting & stopping of the meds is worse than going without - Det Refuse to follow any of Dr. Sussman's prescribed care example - B.P. weight etc

Thank you Submitted 11-8-2021

Thank you
